Dear Member,

As part of its series on Governance for family businesses, the CII Family Business Network, in partnership with Egon Zehnder, is organizing an exclusive workshop on “Board Governance and the role of Independent Directors in Family Businesses”, on 4 June 2025 in Bengaluru.

As part of family governance, the ‘Board’ plays a critical role. This Workshop, facilitated by Sonny Iqbal and Vikram Arora of Egon Zehnder, will focus on strengthening the governance framework of family-run enterprises by exploring the value, role, selection and integration of Independent Directors on their boards.

Workshop Highlights:

Boardroom dynamics in family enterprises

Strengthening Governance and expertise on Family Business Boards

Understanding the evolving role of Independent Directors

Selecting and onboarding the right Independent Directors

The workshop will bring together family business leaders and governance specialists to share perspectives and best practices.

For group learning, understanding and implementation, we would encourage multi-generational participation from the same family.
